Sunday Geoffrey (SUHUCAM/YCC, Cameroon) and Akusua B. Amoako (Jospong Group) shared insights on sustainable waste management. James Deky and Ing. Filn Boadi (Climate Finance Advocate) showcased climate adaptation strategies and technology-driven waste solutions.

INTERNATIONAL

Bargad, FDI and YGA collaborated with Marta Neves, Climate Action Focal Point at the Portuguese Red Cross, on resilience strategies. Khurram Gondal, Country Director of SCI Pakistan, and Martina Bogado Duffner, Senior Advocacy Advisor at SCI Global, emphasized child-centered climate policies and youth participation in global climate efforts. Representatives from Women in Renewable Energy Association and Action on Food highlighted the role of women in meeting energy targets. Patricia Scotland, Commonwealth Secretary-General, engaged with Bargad, FDI and YGA, recognizing their efforts in fostering youth-led climate resilience initiatives.

Valued Experiences

Learnings

- Bargad, FDI and YGA gained key insights into COP processes, focusing on pre-planning, goal-setting, and project capacity-building.
- Global networking opened doors for funding (GCF, Adaptation Fund), partnerships, and resource mobilization.
- Youth-led initiatives from YOUNGO, Commonwealth, and others showcased impactful, community-driven climate action.
- Empowerment of women and marginalized groups was highlighted through eco-crafts, water solutions, and skill-building.
- Regional collaboration was fostered through dialogue on shared issues like air pollution, water, and disaster readiness.

Way Forward

- Collaborate with L-COY and R-COY to boost youth climate engagement.
- Engage religious leaders and build South Asian–African youth alliances for climate advocacy.
- Apply for CANSA membership and partner globally on waste and sustainability projects.
- Host post-COP knowledge sessions in Lahore and Islamabad.
- Co-organize a youth COP simulation with the Ministry in 2025.
- Develop a Climate Education & Action Plan across all Bargad, FDI and YGA programs.

We eagerly anticipate meeting our stakeholder friends, allies, partners, and collaborators at COP 30 in Belém, Brazil, in 2025.
